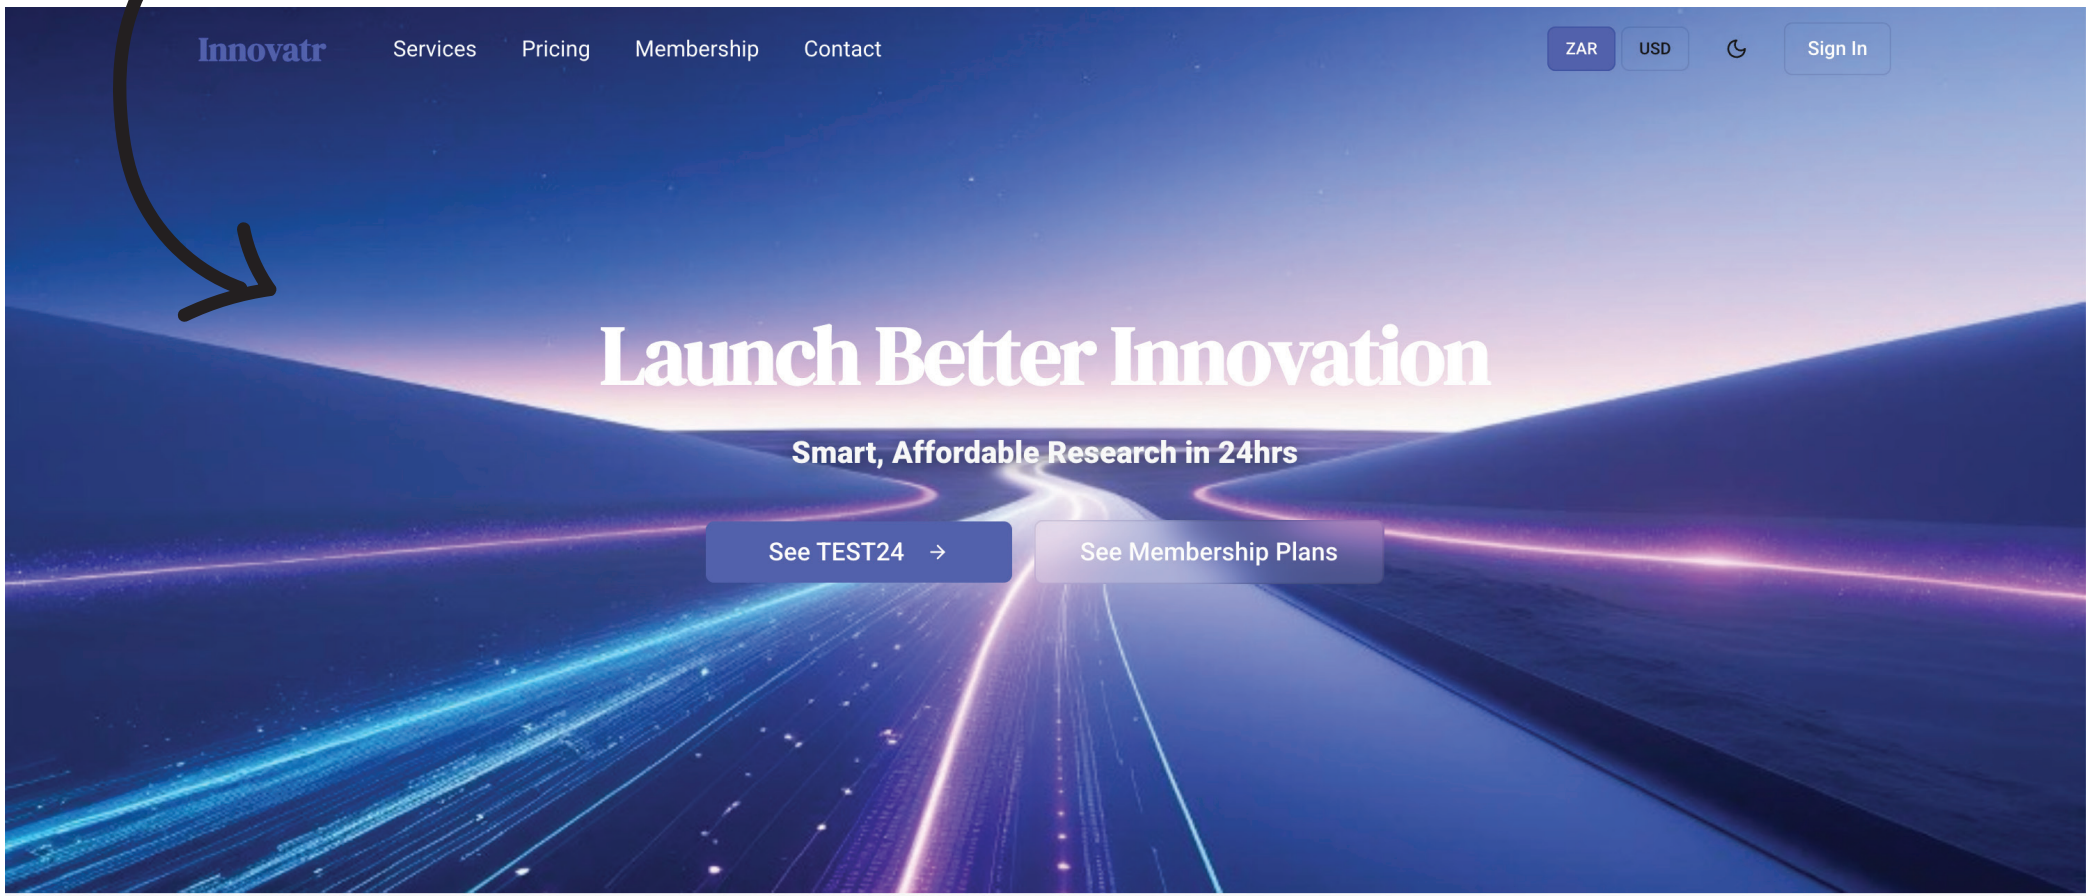
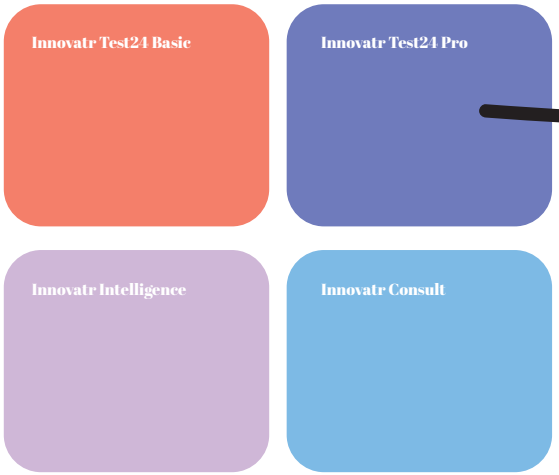
HOME PAGE

Can this cover image go a little darker and more sturated. Would suite the rest of the images on the website better.



‘OUR OFFERING’ PAGE

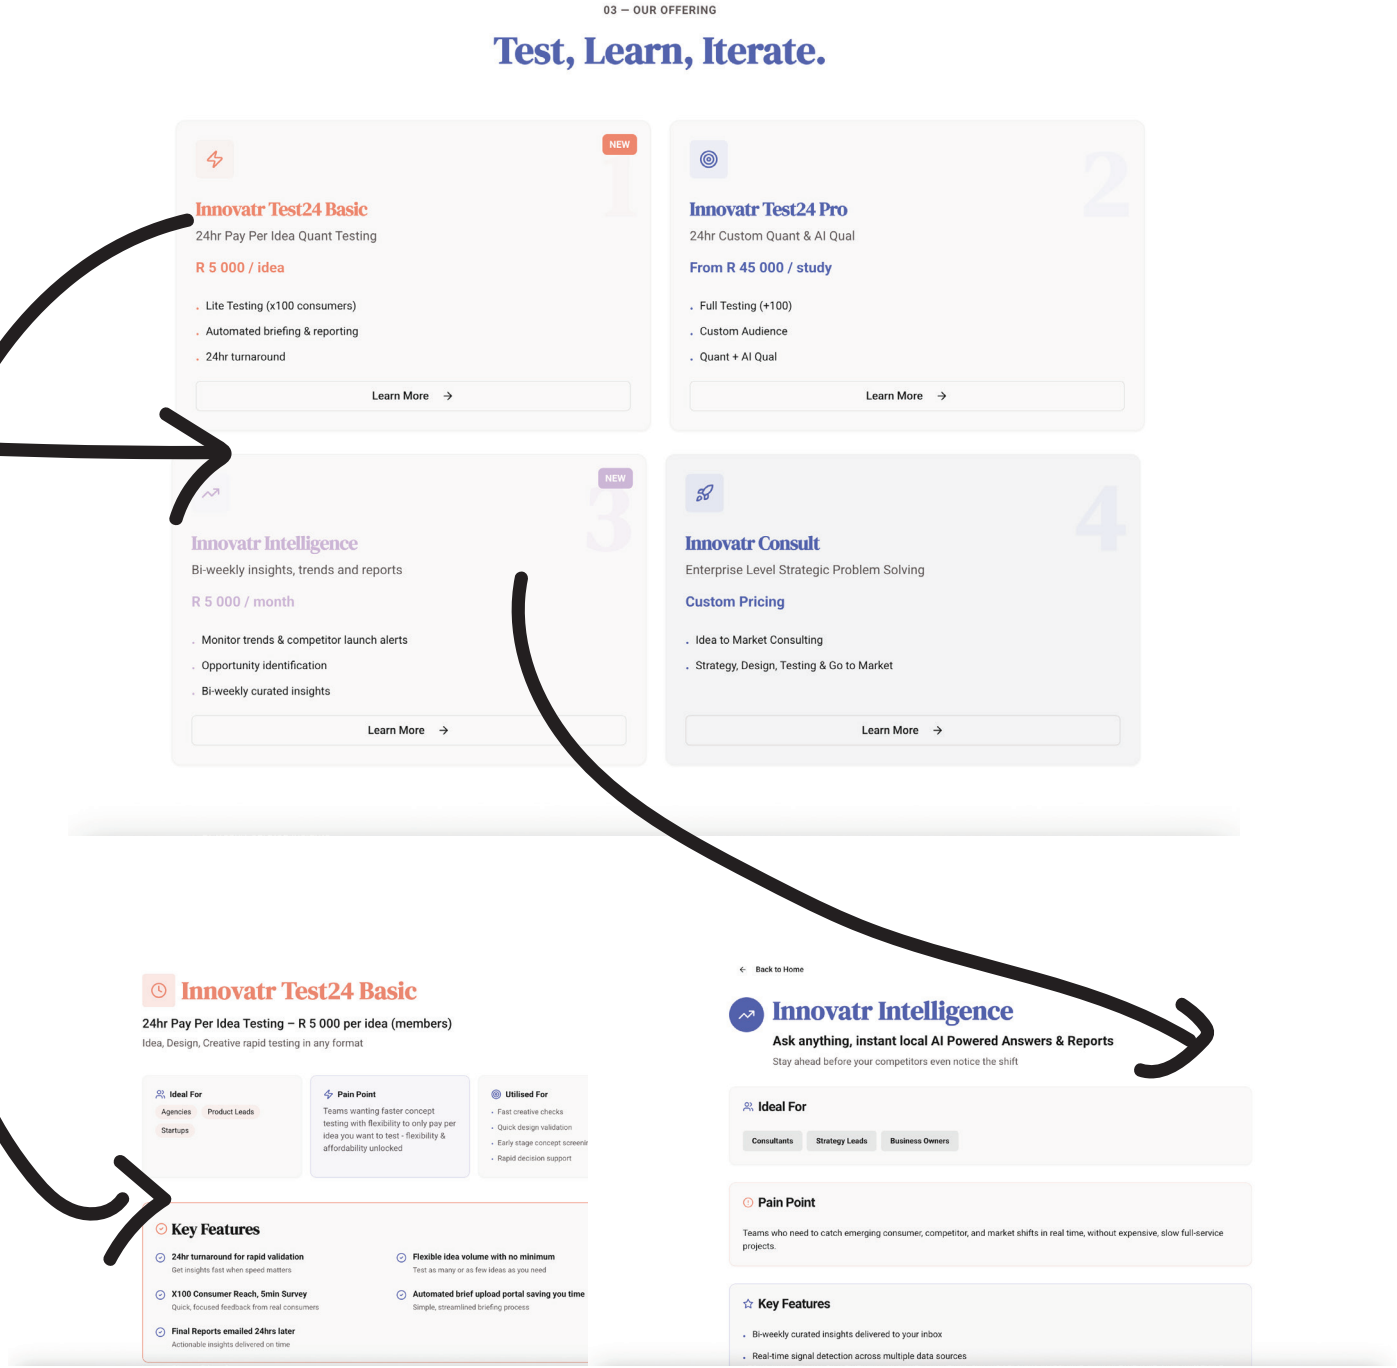
This section feels very bland and washed out.
Consider colour coding the blocks and reverse the copy out in white and or black.



Also make sure when you click on the ‘Learn more’ that each sections colour corresponds with the new window that is opening.

For example:
Innovator test24Basic is orange and when it opens the new window the copy is also orange.

But for the rest the colours change. I would colour code each section for memorability.



‘OUR OFFERING’ - LEARN MORE LINK

Ensure these sections are colour coded corectly.

There is also opportunity to perhaps bring in more colour...

It could be a tinge of the orange / coral colour.

Consider bringing in some visuals?
They could be small thumnails of examples.

Innovatr Consult

Enterprise Level, Strategic Problem Solving

Idea to Market Consulting Strategy, Design, Testing & Go to Market

Ideal For

- Enterprise Teams
- Corporate Brands
- Large Agencies

Pain Point

Finding growth opportunities is challenging, and working with traditional consultancies is expensive and often too theoretical.

Consulting Expertise

Category Brand Health Audit
Understand where your brand stands in the market

Demand Mapping & Portfolio Strategy
Identify opportunities and optimize your portfolio

Ideation & Prototyping
Generate and validate breakthrough concepts

Product Mix Development
Build the right product portfolio for your market

Positioning & Brand Strategy
Define compelling positioning that resonates

Packaging Design & Visual Identity
Create designs that stand out on shelf and screen

Go to Market
Execute launches that drive real business results

Ready to solve strategic challenges?

Partner with us for practical, insight-driven consulting that delivers results

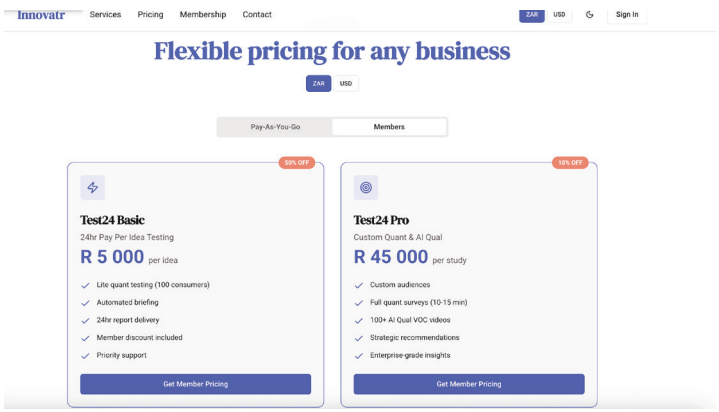
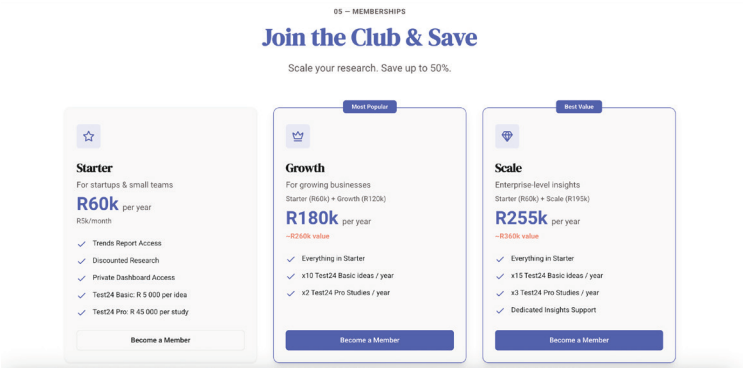
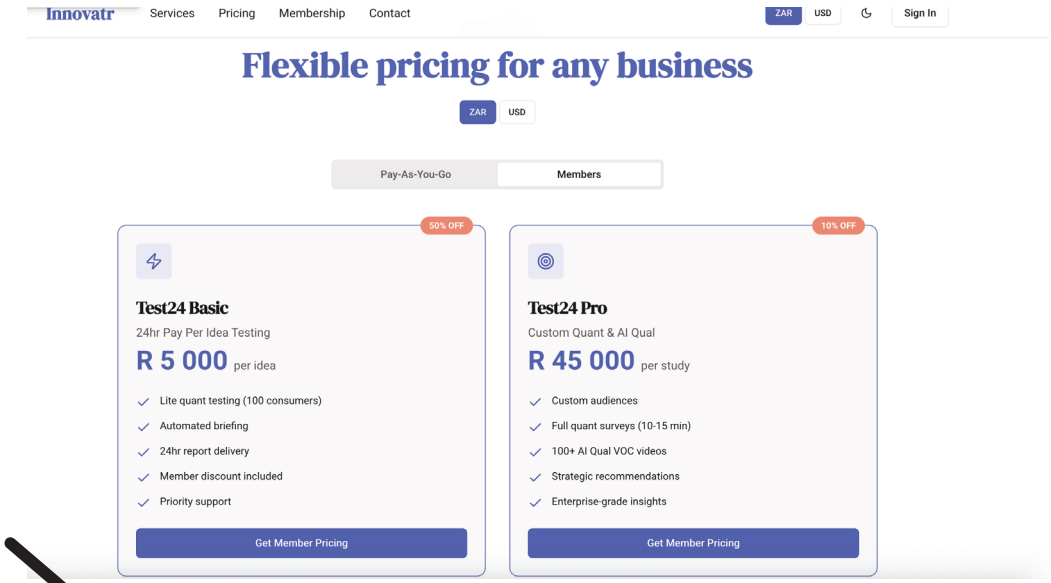
OUR PRICING & MEMBERSHIPS

These 2 section feels very same same.
Which is good as there is consistency.

Not sure if you want one section to stand out more than the other? If so consisder changing it up a little.






The membership section could become the inverse of the pricing section.
